Josh Bouma has been in the Royal Children's Hospital and away from his home since April 2014. He is currently in isolation as he receives this life giving bone marrow. Understandably his family, Hilary, Nick and Sebastian, have had their lives turned around and we as their friends, work colleagues, and community, would love to help them in the best way we know how, getting together for a celebration of life involving music to fund-raise for a good cause!

Follow Josh’s progress or donate via www.joshysmarrowthon.com

LeMaster, “I don’t know Josh and his family, but hearing Josh’s story and hearing about the barrier through the globe, it was the least I could do. I know how important it is for people at home that those people, even strangers, are thinking of them through hard times. I urge everyone to give.”

LeMaster explained, “We’re extremely appreciative and humbled by the community support including fundraisers and gifts for our family from businesses or individuals as well as many loving positive wishes. Thank you all at Hilary, Banana, and the blue.”

A joint community family day is in the pipeline to provide ongoing support for Josh and his family. In the meantime, to offer your support or well wishes for Bouma, contact your local friends. Kevins on 0400- 997 227 or Penny on 0407 495 390. For more information on donating blood and bone marrow visit www.marrow.org.au

Note: All proceeds will go to the Bone Marrow Foundation.”
